

# JOEY FISHER

Calgary, Alberta

☎ 587-222-0774 ✉ fisherjoey@ymail.com 🌐 linkedin.com/in/fisherjoey

## Education

### University of Calgary

Calgary, AB

*Bachelor of Science in Computer Science*

*Jan. 2023 – Dec. 2025*

- Accelerated program completion, finishing all second-year classes by April 2024
- Relevant Coursework: Data Structures, Algorithms, Software Engineering, Database Systems, Networks

### University of Calgary

Calgary, AB

*Bachelor of Science in Chemistry (Incomplete, transferred to Computer Science)*

*Sep. 2019 – Jan. 2023*

- Transfer GPA: 3.72

## Experience

### IT Infrastructure Specialist (Internship)

May 2024 – Sep. 2024

*Stream Data Systems*

*Calgary, AB*

- Managed IT infrastructure for 10+ client organizations, resolving 838 technical cases with 99.5% uptime achievement
- Led critical network outage recovery affecting 50+ users, minimizing downtime to under 4 hours through rapid diagnosis of rogue DHCP server and VLAN segmentation implementation
- Designed and deployed enterprise monitoring solution using Prometheus/Grafana stack with custom exporters, preventing 10+ potential outages through proactive detection
- Executed 5 cloud migrations to Microsoft 365/Azure AD with zero data loss, reducing client IT costs by 15-20% through license optimization
- Implemented network infrastructure upgrades using pfSense routers, Cisco equipment, and VMware virtualization
- Developed automation scripts in Python/PowerShell for system administration, backup procedures, and security auditing
- Created React-based UI component libraries and standardization frameworks for internal applications

### Field Maintenance Coordinator

Apr. 2023 – Aug. 2023

*Calgary Sport and Social Club*

*Calgary, AB*

- Maintained over 200 soccer fields, football fields, and baseball diamonds across Calgary
- Developed Python automation script for daily route optimization, saving 20 minutes of scheduling time daily
- Planned and documented field maintenance for 45 facilities, improving operational efficiency by 30%

### Environmental Monitor (Co-op)

Jan. 2022 – Dec. 2022

*Suncor Energy*

*Fort Hills, AB*

- Analyzed laboratory data for ground and surface water samples, achieving zero non-compliance incidents
- Utilized SQL databases for environmental reporting and regulatory compliance monitoring
- Automated internal data analysis using Python, resulting in 30 minutes of time savings daily
- Demonstrated proficiency with monitoring equipment and data management systems

## Technical Skills

**Programming Languages:** Python, JavaScript/TypeScript, Java, C#/.NET, PowerShell, Bash, SQL

**Web Technologies:** React, Node.js, HTML/CSS, RESTful APIs, Git/GitHub

**Infrastructure & Cloud:** Microsoft 365/Azure AD, Active Directory, VMware vSphere, Docker, Linux/Windows Server

**Networking:** pfSense, Cisco IOS, TCP/IP, DNS/DHCP, VPN, VLAN configuration, Firewall management

**DevOps & Monitoring:** Prometheus, Grafana, CI/CD pipelines, Azure DevOps, Infrastructure as Code

**Databases:** Microsoft SQL Server, PostgreSQL, MySQL, Database architecture and optimization

## Projects

### Enterprise Monitoring System (CANsense) | Prometheus, Grafana, Python, Docker

May 2024 – Sep. 2024

- Built comprehensive monitoring stack with custom exporters for SSL certificates, system metrics, and alerts
- Implemented automated alerting system preventing critical outages through early detection
- Containerized deployment using Docker for scalability across multiple client environments

### Network Security Incident Response System | PowerShell, Python, Cisco IOS

Aug. 2024

- Developed automated scanning tool to detect BitTorrent clients across 50+ domain workstations
- Implemented port blocking and traffic monitoring on Cisco routers for P2P traffic prevention
- Created comprehensive logging system for ongoing security monitoring and compliance

### Basketball Tournament Management System | Python, Microsoft Suite

2023

- Automated schedule generation for 100+ teams, reducing planning time from days to hours
- Coordinated referee assignments and team signups for city-wide tournament

## Leadership / Extracurricular

---

### Basketball Referee

**Sep. 2016 – Present**

*Calgary Minor Basketball Association*

*Calgary, AB*

- Managed high-pressure U18 and Division 1 high school games, demonstrating decision-making under pressure
- Mentored 10+ new referees, dedicating 2 hours weekly to skill development and training
- Organized 2023 JTT Tournament, volunteering 45 hours in one week for event coordination

### Active Member

**Sep. 2022 – Present**

*Canadian Blood Services Lifesavers*

*University of Calgary*

- Recruited 22 new members during summer 2023, earning scholarship recognition
- Volunteered 3+ hours monthly promoting blood and stem cell donation awareness
